### Return lists promptly

DELAY IN THE RETURN OF THESE LISTS  
WILL LESSEN THE CHANCE OF YOUR RE-  
CEIVING THE PLANTS YOU REQUEST.

### Orders sent to

BELL ..... CHICO .....  
BELLINGHAM ..... MIAMI .....  
BROOKSVILLE ..... SAVANNAH .....

## CHECK LISTS

### Plants Ready For Experimenters

1922 - 1923

Indicate plants desired by placing a check mark to the left of the Seed and Plant Introduction number of those selected. Plants are allotted to experimenters in the order of the receipt of the returned checked lists. It is to the advantage of the experimenter, therefore, to return the lists promptly. Only the check lists should be returned; the catalogue should be kept for future reference.

These lists are for the use *only* of persons who have qualified as experimenters with this Office. If you do not wish to receive and care for experimental plants this year, please return the lists in the accompanying envelope.

Kindly fill out the form below and make no other notes or requests on the lists themselves.

NAME OF EXPERIMENTER.....

MAIL ADDRESS.....

STATE.....

EXPRESS ADDRESS.....

Are you willing to pay expressage on plants requested?.....

Are plants wanted for open ground culture?.....

When do you wish plants sent?.....

If you have changed your address since last year, give here your old address.....

Office of Foreign Seed & Plant Introduction  
U. S. Department of Agriculture

## SPECIAL NOTICE

---

Herein are listed the seeds and plants which will be available for experimenters this season for planting on their own grounds or on land controlled by them.

Plants are sent from our field stations to experimenters by express, charges collect. If the plants are small and only one or two are requested, so that they can be packed safely in one package weighing not over four pounds, they will be sent by mail, free of charge. Otherwise they will be sent by express, collect.

Unless a large number of plants are requested from a distant field station, express charges should not be heavy. Where possible, plants will be shipped from the field station nearest to the address given by the applicant. The plants on the lists marked Bell are grown at and will be shipped from the field station near Glenn Dale, Maryland; those marked Bellingham, from Bellingham, Washington; those marked Brooksville, from Brooksville, Florida; those marked Chico, from Chico, California; those marked Miami, from Miami, Florida; and those marked Savannah, from Savannah, Georgia. The figures following the names indicate the number of plants which will be available for experimenters this season.

Plants as a rule are shipped from the field stations from December 1st to not later than April 15th. Please state on the opposite side of this sheet when you will be prepared to receive and properly care for the plants requested.

CHECK LIST OF PLANTS READY FOR EXPERIMENTERS AT  
THE PLANT INTRODUCTION GARDEN, CHICO, CALIF.

51808	Acacia sp.		110
52800	" pendula		20
54799	" verek		125
55840	Actinidia chinensis		670
52307	Agati grandiflora		54
49746	Albizia sp.		92
51143	" chinensis		24
51901	" lebbeck		7
48034	" lophantha		12
54738	Aleurites fordii		30
39434	Ampelopsis aconitifolia		18
33215	Amygdalus communis "Malaguena"		160
33217	" " "Almendro de la P."		160
33218	" " "Almendro del Desmayo"		138
24807	" persica (On Muir's seedling)		57
32374	" (Mexican seedling peach)		45
33219	" " "Vainqueur"		76
35201	" "		138
36125	" " "Sutter Creek"		65
36126	" " "Bolivia Cling x Quetta"		54
36703	" "		5
